From the Baron & Baroness

Warm greetings to all who read these words, and may the winter's cold be brief near your door. We thank our Canton of Bofharrach most heartily for hosting our annual Yule celebration in December, and we thank everyone who assisted with its success.

We remind the populace that any participant in the SCA can recommend anyone for recognition and reward for their accomplishments. Kingdom recommendations must be sent to the Crown, and Baronial recommendations need to be given to us or to any member of the order to which you are recommending a person be admitted. Their Majesties will accept written recommendations, and prefer e-mail or postal service messages. No form is required, but the person's SCA and modern names, home group, award being recommended, why you feel the person is deserving, and your SCA and modern names and home group are needed. Remember, verbal recommendations may be convenient for you, but can be easily forgotten by busy royalty or nobility. Write it down.

If you are planning or contemplating travelling to the Estrella War in February, please read the article on this topic elsewhere in this Tosspot. And speaking of the Tosspot, this month marks the 15th anniversary of this wondrous tome which keeps us all informed, even during breaks in our participation. There is a wonderful history included this month, so be sure to read it.

For those who were not privileged to witness it, Baroness Leonora Kathryn de Provence was offered admittance to the right noble Order of the Pelican by Their Majesties, Cameron and AnneAliz, during the Hunter's Feast in Windkeep. This accolade will be given at a future event, possibly during the Estrella War.

Congratulations are also in order for Lord Aramis, Lady Jeanne Marie, Lady Elsbeth, and Lady Regan (Caerthe) for being recognized by Their Majesties at Baronial Yule with Awards of Arms. Lady Amice was rewarded for her great service to the Canton, Barony, and the Kingdom, with admittance to the Order of the Stag's Heart. In the service of the Crown this reign are Lord Lochlainn on the Queen's Guard, and Lady Eleanor, Lady in Waiting. All of these folk are helping make our Barony and our Kingdom a bit stronger and a bit better. Three mighty cheers! If you wonder how you can play a bigger role in your group and help support the dream, contact any officer or event coordinator, or us, or see Lady Eleanor, the Hospitaller. Thorfinn and I have requests requiring the skills of artisans, both experienced and novice. Event coordinators need volunteers to help produce events. Tournaments are impossible without fighters, fencers, archers, equestrians, marshals, water bearers, and list keepers, bardics need performers, feasts need chefs, servers, and dish washers, scrolls need creators.

The Lancers of Unser Hafen were introduced to the populace and the Crown at the Yule event also. We are most proud of our Equestrians and their accomplishments in the research and recreation of the role of horses in the Middle Ages. Elsewhere in this issue are the requirements for admittance to this new order.

In January, we will be travelling to Caerthen 12th Night (the cost is lower this year), Plattefordham 12th Night, Unser Hafen Winter Oasis, Bofharrach's Black & White Ball, and Windkeep's Bows in the Snow. In February, we will attend Dragonsspine's Candlemas, and the Estrella War in Atenveldt. We encourage our populace to travel to these happenings whenever you can, and while there, introduce yourself to at least one person you have never met before.

OFFICER'S REPORTS

Greetings to everyone from the herald!

I have some news that I will, or have already shared with those involved regarding their submissions.

I am officially looking for a replacement. Their Excellencies have asked that all interested parties contact me so that we can arrange interviews. These interviews will be between the person interested, their Excellencies, our new seneschal Wenhauer, and me. You can probably get in touch with any of us if you would like. Our phone numbers are all in the front of the cover. The reason for my need to step out of office is:

I have been planning a trip to my (pretend) homeland, Japan. If the committee involved at Saint Martin's Abbey decides to send me I will be leaving for a visit home in August. The preparations for such a trip are many and I have no time for other duties at the moment.

January 28
Caerthe (Denver, CO)

In January, Master Daffyd of Emmett will speak to us on the furniture of the Middle Ages and Renaissance - what it was like then and how we can provide ourselves with it today. Those of us who have long admired Master Daffyd's work can now hear him tell how he designed his furniture, and where we can go for suitable inspiration and even detailed plans for furniture of our own. Portable furniture: chairs, chests, tables, etc. can greatly enhance your SCA encampment or castle, and are much better than the ubiquitous director's chair or the non-Period, two board, so-called Viking
chair.

We will meet at 7:30pm., January 28, the fourth Wednesday of the month, at THL Wyndylyn's House; 15912 E. Lehigh Circle, Aurora. If you have not been there before, take your best route to Hampden and Chambers. Go east on Hampden to the 2nd right, go south on Kalispell to the "T" intersection of Lehigh Circle. Follow it west and around south until you see the banners. Come on in; the door will be open at 7:00. All are encouraged to attend. For further information, call THL Wyndylyn, (303) 680-1583, Master Daffyd, (303) 394-4352, or Master Robin Vinehall, (303) 444-5004. Period garb is optional, but appreciated.

If you are coming from Dragonsspine, take Route 83 north until it becomes South Parker Road, then turn east when it crosses Hampden.

Lancers of unser hafen

At the Baronial/Canton Yule event, a recognition of Equestrians was done by officially forming the Lancers of Unser Hafen. Their Majesties', Cameron and AnneAliz, were witness to the ceremony marking the premier members of this elite group. At this ceremony, we promised to publish the requirements of this recognition - as follows. If you have specific questions concerning the Lancers, please see Lady Rossilin, head of the Unser Hafen Equestrian Guild, or any of the Lancers. Please note that all Equestrians are eligible to apply, both from within and outside of the Barony proper.

Requirements:

1) As a symbol of the recognition of "Lancer" all applicants must have their own IKEqC legal Ring Lance.
2) The applicant must have a safe and legal weapon for Saracen heads.
3) The applicant must be an authorized rider at the Intermediate (trot) or Advanced level (canter).
4) The applicant must have ridden in support of the Barony. This can be accomplished in and one of the following ways:
   - Ride in a Baronial or Canton Equestrian Event.
   - Ride in a Baronial or Canton Equestrian Demo.
   - Ride at a specified raid, war, or other event in support of the Barony's calling. The Unser Hafen Equestrian Guild Head will consult with their Excellencies as to which SCA events meet these requirements, and will maintain a list of approved events. Approved events will be indicated in the Equestrian Guild Tosspot reports.
5) All riders interested in the "Lancer's of Unser Hafen" recognition must demonstrate their qualification to their Excellencies by applying through the Unser Hafen Equestrian Guild Head and noting their qualifications on the application form. The Equestrian Guild Head will verify the qualification and notify their Excellencies of approved candidates.
6) Lancers are NOT required to own a horse, have any of their own tack, and may borrow a horse for authorizations and ridding in support of the Barony.

Recognition:

All Lancers will have a pennon to carry on their lance, representing their recognition. The pennon will be the same for all Lancers but the tails will vary as described below.

- Lancer's authorized at the Intermediate level will carry a pennon with three green tails.
- Lancer's authorized at the Advanced level will carry a pennon with two green tails on the outside and a middle tail of gold.

When a lancer moves from a trot to a canter the middle tail in their pennon will be changed from green to gold.

From Goldenvelt to Unser Hafen
A History of the Barony

written by Lord Robert Spenser of Bristol
In celebration of the 15th Anniversary of the Tosspot

The Barony of Unser Hafen is eighty miles long east to west and is fifty miles broad north to south. Within the Barony lies the Canton of Bofharrach. Gentles have lived in this vicinity for many years. The first settlement in the area was called Canton Goldenvelt. Frank Wütendwolf later recalled that there was only one belted knight in the area, Baron Ted of Caerthe, and he had the opportunity to fight him. Due to the transitory nature of those early barbarians, the Canton of Goldenvelt faded from the world. In the seventeenth year of the Society, being MCMLXXXVII Gregorian, Frank Wütendwolf met Marshak the Golden Wolf. Frank introduced Marshak to Kevin MacKinnon and Fionn Craig. They all attended a Medieval fair that October where they were joined by others including Günther der Wanderer. A month later, November 6, the first officers were selected and a month after that a name was chosen for the burgeoning shire. Of the three names voted on, Stonehaven beat out Dun Chulain and Harp Sword. In early January the chronicles were started with the circulation of the first volume of The Tosspot. It is from these chronicles that much information has been gathered for this history.

Frank, taking the name Dafydd ap Mywell, became the first Seneschal. The group attended the Caerthan Twelfth Night. There Kevin met Ismenia Wyndameer and had a wonderful time in his borrowed finery. In February they traveled to the Burro Creek War. The return trek was fraught with perils but all arrived safely back in Stonehaven. The next year the war moved and was renamed Estrella War. In March, The Tosspot contained a poetic account of the trek to and from the war. Other events brought in others to the Incipient Shire of Stonehaven. Such gentles as Aileen Bardon, Madeleine de la Rochelle, Tehri Hadeel, and Paul van der Holtzstaub drifted into Stonehaven around this time. In February Anno Societus XVIII, Lady Ismenia Wydameer became the second seneschal. June 23, A. S. XIX, or MCMLXXXIV Gregorian, Freana and Richenda, Rex and Regina, granted Stonehaven shire status. Due to the bureaucracy of the Herald's Office and another group petitioning to be granted the name Stonehaven, Stonehaven was not granted full shire status until the name was nailed down. In the search for a new name, Uns Haven was chosen, meaning "Our Home." In truth it grew from none of the men of the shire being clean shaven. If the space in Uns Haven is removed, the result is unshaven. The college of heralds approved the name, with some spelling changes, as Unser Hafen.

Lady Madeleine de la Rochelle took the office of Seneschal in November AS XIX and served for a year. Lord Kevin MacKinnon became Seneschal next and served in that capacity for nearly two years. The shire went through a down period for fighting while Lord Kevin was Seneschal. As he reports, at this time there were only two fighters left, himself and Cornak. They traveled to Caerthe for fighter practice. But while the shire was short on fighters, it was a haven for artists and craftsmen. In AS XXI the Society celebrated twenty years. Lord Kevin traveled to the celebrations in the west. About a year later, Cornak and his lady, Caterina, left the shire to seek new adventures. In AS XXII a couple relocated from the Barony of Namron in the Kingdom of Ansteorra to the shire. They had helped found the shire of Braddwyn Lea in AS XVI prior to moving to the Barony of Namron in AS XVIII. These two gentles

were Lord Claudius Titus Severus and Lady Llamrei ap Pendaran. They did not immediately join the shire upon their arrival, but took several months to acclimate to their surroundings. They joined Lord Kevin and the other shire members during the winter of AS XXII, tripling the fighter strength to three. In December of that year Lady Tehri Hadeel became the fifth Seneschal. At the dawn of the new year, AS XXIII, Lord Claudius Titus Severus became Hospitaler of the shire. In September that year Lady Llamrei became the shire Knight Marshall and Titus won the Defender tournament in the presence of Their Majesties of the Outlands. An event this chronicler witnessed as his first shire event though several years and many epic events would transpire before he again showed his face as Robin of Bristol. That defender was the last to be held at a fighter practice. The new Defender changed the tournament to the now familiar weekend event. In the summer of AS XXIV Claudius Titus Severus became Lord Titus Claudius Severus. At about the same time that this was recorded by The Tosspot, the arms of the shire were approved by the heralds and, in July, printed on the cover of The Tosspot. On September 16 of that year, Lord Titus patterned his Defender Tourament after a Roman one and presented the first of the famed Unser Hafen plays. In this first play, Lord Kevin played Hermes. He was called before the king and offered knighthood while in costume (a shore white chiton and winged sandals). The next day he was knighted and Lady Llamrei won the defender Tournament. Other notable members of the shire who had joined by this time include: Lord Francis Owen Roderick Keith, Lady Catriona Sterling de Liston, Lady Anastazia Winogrodzka, Galen or Shadowraven, Lady Rhianwen ferch Morgant, Larissa the Lacemaker, Sabh ni Donnabhain, Sigismund Cholzanoski von Rich, and Undwyn the Rhymer. The last three may not seem familiar to some, but Sabh and Sigismund are still in the Kingdom, though not in this Barony. Undwyn the Rhymer contributed many witty items to The Tosspot over the years.

In November AS XXIV, a tradition began with the publication of newly Knighted Sir Kevin's arms on the cover of The Tosspot. That month, it is recorded that Lady Tehri Hadeel changed her name to Lady Theresea die Tanzerin. . In February, Lord Titus became Seneschal and a contingent of fighters traveled to the Estrella War and began creating the legends of our fighters at war. March saw the first Dance Collegium and the longest officers report ever by Lady Llamrei.
It also saw Thorfinn and Rosalind attendance at their first dance practice where they were greeted by Lord Francis. It was two and a half pages and entirely about Estrella War. In April the official polling was held by the kingdom Seneschal. In May, at the coronation of Artan III and Aziza, The shire petitioned the new king to grant baronial status. King Artan III informed the shire that he and the Kingdom Seneschal would grant the request. If it was approved by the Society, the investiture would be on October 6, AS XXV at the following Crown Tournament. The populace of Unser Hafen bid for and won the hosting of that Crown Tournament. In June, Lady Ismenia was admitted to the Order of the Pelican at the third Llama Lust event. Llamrei was asked by King Artan III to become the Kingdom Earl Marshall in August. In September, the last shire defender was held. On the promised day of October 6, AS XXV, at the Crown Tournament to decide King Artan III's successor, the Shire of Unser Hafen was invested as a Barony and Sir Kevin MacKinnon and Mistress Ismenia Jocylin Wyndameer were invested as the first Baron and Baroness. The premiers of each of the Baronial orders were selected: Keepers of the Portcullis - Lady Llamrei and Lord Galen, Golden Ring - Lady Theresea and Lord Francis, Builders of the Portcullis -

Lady Catriona and Lady Aileen, Golden Columbine - Lady Madeline and Lord Titus. The first Baronial Guard constisted of Baron Dirik Reverson - Defender, Lord Ja'far al-Tieb Abdurrahim ibm Atal, Lord Karl Wolfgersson, Gerald an Ard - Protector, Lady Agharet Aethenen fillia Cunnedda (called Llamrei), and Tamlin. The feast that evening was presented by the Inn of the Madwoman.

On the March AS XXV Tosspot, an image of a coin with the likeness of Baron Kevin was the cover. The next month, starting with Baroness Ismenia's arms, the arms of the populace were printed. The Heralds report in the April Tosspot announced that the names and badges of the four Baronial orders were passed. In December of AS XXVI Lord Titus passed the office of Seneschal to Lady Rosalind of Wellmark who had just passed on the office of Treasurer. Sometime around here is when Robin of Bristol came once again to an Unser Hafen activity. This time it was Archery Pracitce at the home of Tamlene and Drahomira. From this point on most of the history relies on his memory as well as The Tosspot archives. Also around this time, several gentles from the far east arrived in the Barony, Akira and Takashi among them, both from the Japans. They have joined others of fame in the history of the Barony. They both traveled the long distance to Estralla IX after they had gathered others from their homeland.

In August, AS XXVII, Baroness Ismenia stepped down from her position as Baroness of Unser Hafen. For her service she was created a court Baroness and as the First Baroness of Unser Hafen is titled Baroness Unser Hafen. Baron Kevin remained on the Baronial throne for some time. Minamoto no Akira was the victor of that year's Defender tournament. He also moved to the region of the Barony that now forms the Canton of Bofharrah. Here he met Conchobhar and Lughbec who were instrumental in the formation of the Canton. In September, AS XXVII, Lady Anastazia announced she was seeking a replacement as the Baronial Chronicler, an office she had taken from Sir Kevin shortly before he became Seneschal. She turned the office over to Robin of Bristol in February AS XXVII at Eisteddfod. At this time, a long hidden college within the Barony came to light. It's origins may lie with Canton Goldenvelt, but at this time it had no name and would not for several years. It was simply known as the Medieval Society. Today it is Saint Martin's Abbey. At this time, the college was headed by Alessadra di Amadini and Taliesin. Also at this time came the first appearance of Dun Bolacht in the way of reports in The Tosspot by Lughbec ni Eoin. In May AS XXVIII, Unser Hafen hosted the Coronation of Their Royal Highness' Leif and Elisheva. Many gentles in the Barony who attended can tell you of the fiasco that resulted from court starting two hours late. Sean Ui Neill was in charge of the feast and remembers those events well. In July, the Baronial Defender Tournament was done in a Japanese style including a Japanese feast. Minamoto no Takashi won the tounament and became Defender. This year Lady Rhianwen ferch Morgant won Protector and Lord Thorfinn Greybeard won Warden.

In October, the third anniversary of elevation to Barony and the eleventh anniversary of that first Medieval Fair, the Barony held a Birthday Party and The Tosspot featured its first full color cover. The cover was by Lady Medhbh O'Duibhdabhoireann of Clontarf and featured a reproduction of a brass rubbing of Robert the Bruce and the four Baronial Order badges in the corners. The Birthday party was held on the ninth. In attendance were many gentles who have left us over the years, including Marshak the Goldenwolf. At this time, many familiar faces in Dun Bolacht had joined us: Timon Phocas, Amice de Fayel, Anne Matthew of Landaff,

and Aildhcinna MacAilpean, plus some old faces including Ceindrych Fayrebourne of Ayr, Garwed Cadburiensis, and Elszebet Vorosvari. Over the years other gentles had found Unser Hafen: Lady Medhbh, Lord Aedhan Brecc, Lord Tuman Ellyozof, Lady Cala of Savatthi, Averick of Glen Rowany, Fionnghuala Bethoc of Lindisfarne, Kathryn Clatworthy, Katerina von Lehmann, and Mazuna of the Farshore. Many of these were at the Birthday Party where many old stories were told and many great events transpired. Dun Bolacht presented Baron Kevin with many gifts, including a fine steed. A great sadness descended over those gathered as Baron Kevin announced he would be stepping down as Baron. There were very few dry eyes in the hall. So began the events that led to the next defender where Baron Kevin would leave. The following March Baron Kevin surveyed the populace for their preference in who would next sit on the Baronial thrones so he could give the King his council. The populace chose Sir Titus and the Honorable Lady Llamrei by a sizeable margin. The results were questioned and Lord Robin and Lord Günther recounted the surveys. Unfortunately this incident sparked some resentment and some unfortunate incidents which are not reported here transpired. In May, the Crown came and polled the populace. In the June Tosspot it was announced that the Crown had chosen Sir Titus and the Honorable Lady Llamrei to follow Baron Kevin on the thrones of Unser Hafen. At the evening Court at Defender in July, with much ceremony, Baron Kevin handed the regalia to the Baronial Officers and excused his guards and the rest of his court. King Artan IV and Queen Aziza delivered five tardy scrolls to Baron Kevin before they accepted the Baronial Coronets and allowed Kevin to depart to seek new adventured. So ended a great chapter in the Barony's History.

Since the Crown could not leave the barony unprotected they appointed Minamoto no Akira tono Vicar of Unser Hafen. As the new Baron and Baroness would be seated the next day, he only held that position for one night. The next morning, with the defender, protector, and warden tournaments complete, Artan IV and Aziza, Rex and Regina, placed the coronets on the heads of Sir Titus and the Honorable Lady Llamrei. Baron Titus and Baroness Llameri, known as Praefectus and Chieftain, gathered their court and guard.

In searching the archives, Lord Robin found the first Tosspots. On the cover of the first one was a disreputable fellow holding a mug. He also appeared on the covers of two other Tosspots. Lord Robin selected him to be part of the Banner on the cover where he remains. Dun Bolacht was forced to change their name. They chose Bo Farrach but had to alter that to suit the heralds to Bofharrach. The next spring equestrians began to organize and add their talents to the artisans of the Barony which include archery, dying, weaving, spinning, leatherwork, woodwork, dancing, singing, and other creative endeavors. At Estrella XI, Praefectus Titus created the Corona Gaminea, an honor for those who fight for the Barony in a war, and Lord Conchobhar O'Loingseachain was the first to receive it. Such other gentles as Caradoc ap Rhys, Robert Steward, Killinen, Axel, Morien, Damiana, Elenor, Jobita, Minamoto no Tokitada, Theopomus, and many others, made this Barony home. One gentle who is often mistaken as a newer member is Diana Wütendwolf. She is the daughter of Frank Wütendwolf and had been here since the days of Canton Goldenvelt.

Many events marked the era of Titus and Llamrei, Praefectus and Chieftain. Among them the official Canton status of Bofharrach, many marvelous events including the Baronial Dance Collegium and Defender, and the departure of a good friend. Mistress Aileen Bardon, who had received many awards including the Order

of the Laurel in the spring of AS XXIX, passed from this world in October AS XXX. She has been and will be greatly missed. Her Inn of the Madwoman continues to excel in the culinary arts among others.

It was also the dawn of the Great Western War in the Kingdom of Caid were the forces of the Barony charged through a gully to attack the enemy's flank and crushed them in an uphill battle. During the course of Unser Hafen history, genltes from nearby shires and baronies have added to our richness of life: Baron Otto and Baroness Branwyn, Mistress Bernice of Brittany, Mistress Kyriel of Windover Cliff, Peregrine and Katrine, Rhys and Aldith, Mavellic and Kayleigh, and many more. At Dance Collegium in March AS XXXI, Titus and Llamrei, Praefectus and Chieftain, announced that they would be stepping down at Crown Tournament in July. The King sent the Kingdom Seneschal to poll the populace. Shortly the King announced that Master Thorfinn Greybeard and Mistress Rosalind of Wellmark would be the next to sit in the thrones of the Barony. The evening court of Crown tournament, in July AS XXXII, Titus and Llamrei stepped down and were made Baron and Baroness of the Kings Court. Thorfinn and Rosalind were seated as Baron and Baroness by moonlight.

Such is the history of the fair Barony of Unser Hafen in the Kingdom of the Outlands. Long live Unser Hafen!

The above history is by no means complete. I would like to compile a much more complete version of this tale. If you wish to contribute, write out your reminisences and send them to Lord Robin or to Lady Graine. This will be printed (as a seperate volume if it is large enough) at a future time.

the road to estrella

February 11 - 16

If you have been pondering a trip to the Estrella War this year, these words may give you an idea of the basics to plan for and some tips to help in making decisions. The Estrella War is the largest SCA event that happens less than 20 hours away from Unser Hafen by car. It is a six day event, Feb. 11-16, but the main 'battles' are fought on the weekend. There is something for everyone there - fighting, fencing, archery, dancing, bardics, classes, competition, ceremony, celebration, and shopping, shopping, shopping, to name a few. You will meet people from other Kingdoms as well as the Outlands. Even though this is a "war", it is a friendly competition between the Outlands and our ancient ancestor, the Kingdom of Atenveldt. Both warring Kingdoms will have allies from other Kingdoms..

TRANSPORTATION: This is a 1000 mile road trip, each way. It takes 16-18 hours each way. You will be traveling through mountain passes where there can be snow and ice. And, unless you have a place to spend the night mid-way, at least part of the trip will be at night. The roads are nearly all freeways, however, traveling with others - either carpooling or caravaning - can make things easier. Changing drivers periodically makes the trip safer and allows everyone to arrive at the war with at least some sleep.

CAMPING: The weather in Arizona is great but can change. Prepare for sun, rain, wind, heat, and cold; a typical camping event in the SCA. You should be certain any repairs needed after the summer Outlands camping season are taken care of before packing the car. Hauling luxury camping items this far can be a great burden...both on space and gas mileage. Plan ahead. If at all possible, try to camp with the Kingdom, and if you will be arriving late in the week, arrange for an earlier arriving party to save you camping space.

FOOD: There is no entire Barony food plan available this year due to conflicting responsibilities for the people who have organized this in the past. We are recommending that people form small support groups for communal food purchase, preparation, and eating. There is a large grocery store just a few miles from the site. Or, if you have the money and choose to do so, there are food merchants who would love to sell you their wares.

COST: Figure this from a few basics...2000 miles worth of gas, food on the way down and back, site fees at the war, food cost for the weekend, shopping money (if you choose), and a little extra for surprises. The site fee must be paid in cash, so keep this in mind, but merchants often take credit cards.

If you have more questions, please ask. There are many war vets in Unser Hafen who would love to tell their stories. If you can go, please do. This is truly a great adventure with some great company, and an opportunity to support your Crown and your Kingdom. Master Thorfinn and I are creating a roster of those who plan to go....may not even know for sure yet. This way we may be able to help facilitate communication for carpooling, caravaning, and food grouping.

Mistress Rosalind

(who loves to share tales of wars from the non-combatant's point of view.)
